MALCOLM FALZON

COMPANY LAW FUNDAMENTALS

17, 18 September 2026
09:00 to 12:00 CET

This course provides an overview of Maltese company law, focusing on private and public limited liability companies from creation to dissolution. Key topics include legal doctrines like separate legal personality, limited liability, and piercing the corporate veil, as well as share capital management and the doctrine of capital maintenance. Participants will also explore corporate governance, with emphasis on directors' duties and aligning practices with the Code of Principles of Good Corporate Governance for listed companies. The course concludes with an examination of dissolution, winding-up, insolvency, and corporate recovery procedures.
