# TOWARDS A BRIGHTER FUTURE

Understanding Financial Statements for Executives of Financial Services Companies and CSPs

#### Course No 208

Directors have primary responsibility for the provision of useful and meaningful information for investors and other users of the financial statements. This course aims to help directors understand their responsibilities in relation to financial reporting and provides practical ideas on how these responsibilities can be fulfilled. Directors and executives of companies operating in the financial services sector need to have a clear understanding of the financial statements that their companies prepare and which they would be signing off. This course is intended for directors and executives who are not accountants or have a strong financial background. With the many responsibilities and level of accountability that these executive positions hold, it is suggested that persons in these important positions are well versed in the understanding of financial statements.

# Sample Topics Covered:

Directors' responsibilities for financial reporting

Who is responsible for financial reporting?

Understanding financial statements

Understanding and interpreting the information provided

Body of evidence: The anatomy of financial statements and how to read them

What really matters: balance sheet, income statement or cash-flow statement?

What is all the detailed information being disclosed within

the financial statements telling me?
