The Digital Operational Resilience Act (DORA): A Risk-Based Approach

Course No 132

Participants will be introduced to the Digital Operational Resilience Act (DORA). The European Commission (EC) prioritised making Europe fit for the digital age by building a future-ready economy. The Digital Operational Resilience Act (DORA) supports a new digital finance strategy to ensure that the EU embraces the digital revolution and drives it with innovative European firms in the lead. The regulation covers a range of financial institutions that are regulated at the EU level to ensure consistency among the Information and Communication Technology (ICT) risk-management requirements that are applicable to the financial sector. This course will explain the objectives of DORA and cover the key obligations under this new directive.
