# Real Estate Valuation Quality and Reviews

**Course No 168**

This module will give a comprehensive overview of property valuations and reports, showing what a good quality and realistic valuation should assess, and explaining the methodology of creating a good quality property valuation. It will also address the common mistakes and errors commonly found in valuations and the importance of having a good standard of valuation since this is often the basis of investment decisions.

## Proposed topics include:

Introduction to valuations and valuation reports

---

Introduction to terms of engagement agreements

---

Compliance: Valuation standards and legislations

---

Professionalism, ethics, independence and duty of care expected from the valuer

---

Valuation quality: the difference between quality, accuracy, variation and bias

---

Challenging and reviewing valuations

---

Common mistakes and errors in valuations

---

Roles of the client/investor and reviewer/auditor to improve valuation quality in Malta

---

## General Information

**Time:** 13:30 - 16.00hrs

## Lecturer

Mr Justin Mizzi

Justin Mizzi is an academic at heart who is passionate about real estate. He works as a property valuer and leads real estate advisory and valuation services at Archi+, an architecture firm based in Malta, and holds a Masters of Architecture and Conservation. He is currently working on a PhD on the topic of valuation quality. Besides his studies and his role as a valuer, he provides his own private course on property valuations, assists the Kamra tal-Periti on valuations, and has given lectures to various stakeholders and organizations such as Dhalia Real Estate Services, the Malta Institute of Accountants, and the MITC.
