## Different Sources of Raising Capital

### Course No 238

Raising capital is a difficult but essential part of running any business. Even the most creative ideas or business plans can only get you so far. It is therefore inevitable that businesses will need funding in order to grow. Although one of the biggest challenges businesses face is raising finance, various options exist and businesses can raise capital through capital markets, bank finance, private placements or business angels amongst others. The training session will give an overview of all sources of finance, focusing more on the capital markets available in Malta, and the practical issues encountered when raising finance and how business go around them.

### Supported by:

### Sample Topics Covered:

The importance of capital adequacy

---

Different sources of capital

---

## Lecturer

Ms Oriana Abela

Oriana is a Partner at Grant Thornton engaged in the Transaction Advisory Services, a department specialising in corporate finance. She holds an honours degree in Accountancy from the University of Malta and is also ACCA qualified. In 2013, Oriana graduated from the University of Wales with distinction obtaining a Master in Finance, specialising in Mergers and Acquisitions. Within the firm, Oriana

leads the capital markets division together with the due diligence division within the advisory practice.

Dr Jessica Borg

Jessica is a Senior Manager within the Regulatory, Corporate and Financial Services Team at Grant Thornton. She is a lawyer by profession and a Master of Arts in Financial Services graduate. Jessica was awarded the GM Corporate and Fiduciary Services Limited Prize for the best dissertation in financial services in 2019. After a two-year experience practicing with a local law firm specialising in the

civil, commercial and private law service lines, Jessica joined Grant Thornton in 2015 focusing predominantly on mergers and acquisitions, capital markets, fintech, digital assets, blockchain, innovation, financial services, corporate, trusts, regulatory and licensing fields.

Ms Francesca Vella

Francesca is an Assistant Manager with Grant Thornton Ireland and provides economic research and advisory services for both government and industry. Day-to-day, her work involves assessing the sustainability and economic feasibility of large projects. She holds a BSc (Hons) in Economics and Management from the LSE and is currently in the process of obtaining an ACCA qualification and certificate in ESG Investing from CFA UK.
