## Lecturer

Angie Ann Camilleri

Angie Ann Camilleri is a Lead Consultant at RSM Malta responsible for technology consulting services including data analytics and automation. She focuses on transforming business processes and helping clients understand and value the power of data through various solutions, including business process re-engineering, process automation, target operating models, data strategies, and data analytics. Angie has been at RSM Malta for the past 7 years, helping organisations understand how technology, data analytics and automation can support business processes and decision-making. She has a Bachelor's degree in Computer Science and Mathematics, and a Masters in Data Science for Business.
