**COMPANY ANNOUNCEMENT**

The following is a Company Announcement issued by ClearFlowPlus p.l.c. (the "Company") pursuant to the Capital Market Rules as issued by the Malta Financial Services Authority in accordance with the provisions of the Financial Markets Act (Chapter 345 of the Laws of Malta).

**QUOTE**

The Company is pleased to announce that following strategic and operational efficiencies, the Water Services Corporation (being the Guarantor of the Eur25 million Bond issued by the Company) is expanding its solar farm rollout by approximately 7000 sqm, with a potential increased capacity of 1400 kWp, without exceeding the original €6 million allocation as part of its €25 million Green Bonds use of proceeds as set out in the Prospectus dated 20 July 2023.

This will enhance its contribution to Malta's clean energy transition and long-term climate goals, which stem from the EU's Green Deal and the objective at the heart of it all: climate neutrality.

By delivering more value from the same investment, the Company is reaffirming its commitment to sustainability and innovation, in line with its Green Bond Framework.
