2 ACCOUNTING POLICIES

2.1 Basis of preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the EU and comply with the Companies Act,(Cap 386). The financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with IFRSs as adopted by the EU requires the use of certain accounting estimates. It also requires directors to exercise their judgement in the process of applying the Company's accounting policies. Estimates and judgements are continually evaluated and based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances.

In the opinion of the directors, the accounting estimates and judgements made in the course of preparing these financial statements are not difficult, subjective or complex to a degree which would warrant their description as critical in terms of the requirements of IAS 1.

2.2 Assessment of going concern assumption

The directors have a reasonable expectation at the time of approving the condensed interim financial statements that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason, the directors continue to adopt the going concern basis in preparation of the condensed interim financial statements.

The company has not early adopted these revisions to the requirements of IFRSs as adopted by the EU and the company's directors are of the opinion that, with the exception of the below pronouncements, there are no requirements that will have a possible significant impact on the Company's financial statements in the period of initial application.
