## Hili Finance Company p.l.c.

Half-yearly Directors' Report Pursuant to Capital Market Rules 5.75.2  
Period ended 30 June 2022

These condensed interim financial statements for the six months ended 30 June 2022 have been prepared in accordance with IAS 34 'Interim Financial Reporting'. They have been prepared under the historical cost convention and have not been audited or reviewed by the auditors of Hili Finance Company plc (the "Company").

### Principal activities

The Company was incorporated on the 6<sup>th</sup> of April 2018 with the objective of raising funds to support and finance the subsidiaries of Hili Ventures Limited.

### Business review

The main business activity of the Company has been the issue in July 2018 of *Eur40,000,000*, August 2019 of *Eur80,000,000* and March 2022 of *Eur50,000,000* worth of bonds to the public that were fully subscribed. The bonds are guaranteed by Hili Ventures Limited, being the parent company of Hili Finance Company p.l.c.

During the six-month period that ended 30 June 2022, the Company registered a profit before tax of *Eur440,144* (2021: profit of *Eur392,089*). The net assets of the Company at the end of the period amounted to *Eur3,562,759* compared to *Eur3,282,363* as at 31 December 2021.

The published figures have been extracted from the unaudited management financial statements for the six-month period ending 30 June 2022, and the audited accounts for the period ending 31 December 2021.

During the period under review, Hili Ventures Limited registered a profit before tax of *Eur2,179,259* (June 2021: *Eur4,436,467*) on investment income of *Eur6,767,503* (June 2021: *Eur8,377,001*). The Group's profit before tax for the same period amounted to *Eur17,103,217* (June 2021: *Eur14,625,865*) on revenues of *Eur351,292,309* (June 2021: *Eur261,679,934*). While the group's performance of the first 6 months of the year was very positive, the general operating and macro-economic environments are still prone to volatility. Whilst the situation remains fluid, the outlook for the rest of 2022 remains cautiously optimistic.

The Company is mainly dependent on the business prospects of Hili Ventures Limited, and consequently the operating results of its subsidiaries have a direct effect on the Company's financial position and performance, including the ability of the Company to meet its obligations under the issued bonds.

## **1. Basis of preparation**

The condensed interim financial statements for the half year ended 30 June 2022 have been extracted from the unaudited management accounts of the Company and have been prepared in accordance with International Accounting Standard 34 - Interim Financial Reporting. The interim financial statements should be read in conjunction with the annual financial statements for the year ended 31 December 2021, which have been prepared in accordance with International Financial Reporting Standards as adopted by the EU.

## **2. Summary of significant accounting policies**

The accounting policies applied are consistent with those of the annual financial statements for the year ended 31 December 2021, as described in those financial statements.

## **3. Financial risk management**

The company's financial risk management objectives and policies are consistent with those disclosed in the financial statements for the year ended 31 December 2021.

## **4. Critical accounting estimates and judgements**

In the process of applying the company's accounting policies, management has made no judgements which can significantly affect the amounts recognised in these condensed financial statements and, at the end of the reporting period, there were no key assumptions concerning the future, or any key sources of estimation uncertainty, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next six month period.

## **5. Segment information**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of operating segments has been identified as the board of directors, responsible for making strategic decisions. The Board of Directors considers the Company to be made up of one segment, that is, raising financial resources from capital markets to finance the capital projects of the Group. All of the Company's revenue and expenses are generated in Malta and revenue is mainly earned from interest earned from inter-company loans.

## **6. Related party transactions**

The Company forms part of the Hili Ventures. All companies forming part of the Group are related parties since these companies are all ultimately owned by Hili Ventures Limited. Trading transactions between these companies include items which are normally encountered in a group context.

The principal transactions carried out with related parties during the period are as follows:

	<b>Six-months ended 30 June 2022 Eur</b>
