Quote

The Board of Directors of the Company has today approved the audited consolidated financial statements for the financial year ended 31 December 2023.

The Group’s total revenue for the year amounted to €73.9 million (2022: €66.9 million), representing an increase of 10% over the previous year and 16% over the forecast. This increase is mainly attributable to the additional project secured in Morocco (drilling campaign offshore) as well as improved performance within the OCTG segment in the Middle East (particularly, but not limited to Iraq). This increase in activity drives the variances in the other related profit and loss line items such as the gross profit and the results from operating activities.

Adjusted earnings before interest, tax, depreciation and amortisation (Adjusted EBITDA) amounted to €17.5 million, surpassing 2022 Group’s Adjusted EBITDA by 53% (2022: €11.4 million) and the Group’s forecast by 21%.

The increase in the net finance cost compared to 2022 and the forecast is largely due to the Group’s foreign exchange exposure to the different currencies.

The Group registered a profit for the year ended 31 December 2023 of €1.3 million (2022: €0.5 million, +137%), compared to the forecasted profit of €0.9 million.
