#### QUOTE

Malta International Airport welcomed 578,827 passengers in June, translating into a growth of 17.5 % over the same month last year.

June's growth partly resulted from Malta International Airport's recently launched summer schedule, which is its busiest yet, featuring an average of 130 flights a day.

Aircraft movements in June grew by 11.7 per cent, reaching a total of 4,071 movements. In addition to this, seat capacity increased by 15.5 per cent, while seat load factor (SLF) improved by 1.1 percentage points.

The airport's top five markets in June were the United Kingdom, Italy, Germany, France, and Spain. These markets all registered varying degrees of growth, with the Spanish market experiencing the most marked increase, at 38.2 per cent.

June's numbers bring the total number of passengers for the first half of the year up to 2,639,712.

#### About Malta International Airport

Malta International Airport is the only airport serving the Maltese Islands, connecting the tiny island state to more than 80 destinations in Europe, North Africa and the Middle East, through over 30 partner airlines. With 97% of all Malta's tourists flying through it, the airport handles more than 5 million passengers and over 15,000 tonnes of freight annually. Since becoming fully operational in 1992, the terminal has received continuous investment and now accommodates more than 20 retail outlets, 14 catering establishments and parking for over 1,500 cars. Malta International Airport owns SkyParks Business Centre, which contains nearly 10,000m<sup>2</sup> of Malta's hardest working office space and 4,000m<sup>2</sup> of retail and amenities for the business and local community. The building is eco-certified by BREEAM and has become one of Malta's most sought-after corporate addresses.
