## PASSENGERS URGED TO PLAN THEIR JOURNEY IN ADVANCE

Malta International Airport has published a traffic pattern guidance, indicating the busiest operational times during the summer months, to enable passengers who are set to depart from the airport over the coming weeks to plan their journey in advance. The guidance was accompanied with a set of travel tips, which have been published on the airport website [here](#), as well as signage which has been installed inside the terminal to guide guests along their journey.

### About Malta International Airport

As Malta's sole air terminal, Malta International Airport connects the Maltese archipelago to over 100 destinations. In 2023, the airport welcomed 7.8 million passengers, marking a growth of 6.7% in passenger traffic over 2019.

The airport team is guided by a vision of service excellence, which has led MLA to clinch the title 'Best Airport in Europe' for 2018, 2019, 2020, 2021 and 2022. To uphold this reputation and to be able to cater for an ever-increasing number of passengers, the company has consistently invested in the airport campus since the airport's privatisation in 2002.

The company announced a five-year investment programme totalling €250 million in 2023, aimed at enhancing the airport's infrastructure and ensuring that Malta International Airport can seamlessly handle increasing volumes of passengers, whilst reaching its environmental targets and continuing to develop the airport campus.

Apart from these notable investments into the airport's infrastructure, Malta International Airport also invests into the Maltese Islands' cultural heritage and environment through the Malta Airport Foundation which will be celebrating its 10th year anniversary this year.

Malta International Airport plc is a public company listed on the Malta Stock Exchange, with its shareholders being the Malta Mediterranean Link Consortium (40%), with Flughafen Wien AG owning a 96% share, the Government of Malta (20%), the general public (29.9%), and VIE Malta Limited (10.1%).
