Merkanti Holding p.l.c Half-Yearly Report – 30 June 2023

## **Directors' Report**

This half-yearly report is being published in terms of Chapter 5 of the Listing Rules of the Listing Authority — Malta Financial Services Authority and the Prevention of Financial Market Abuse Act, 2005.

The condensed interim consolidated financial statements included in this report have been extracted from Merkanti Holding p.l.c. and its subsidiaries' (collectively, the "Group") unaudited financial information for the six months ended 30 June 2023, prepared in accordance with International Financial Reporting Standards as adopted for use in the EU for interim financial statements (International Accounting Standard 34, 'Interim Financial Reporting'). This half-yearly report gives a true and fair view of the assets, liabilities, equity and profit and other comprehensive income of the Group and the undertakings included in the consolidation taken as a whole. This report has not been audited or reviewed by the company's independent auditors.

### The Company

Merkanti Holding p.l.c. is a holding and finance company that does not carry on any trading activities apart from raising capital and advancing same to the Group. Accordingly, the company is economically dependent on the Group. The principal activities of the Group comprise the activities of the Bank, the Property Companies and their management company, and will be explained further in the 'Group Performance' section below.

The Merkanti Holding plc. group's material subsidiaries include Merkanti Bank Limited (the "Bank") Altmark Industrie Management GmbH (100%), Merkanti (A) International Limited (94.9%), and Merkanti (D) International Limited (94.9%), (together with Merkanti (A) International Limited, the "Property Companies").

#### **Group Performance**

The Group's profit after tax attributable to the owners of the parent for the six-month period ended June 30, 2023 increased almost 35% to EUR 543,792 compared to EUR 403,478 in the six months ended June 30, 2022.

Total assets of the Group stood at EUR 114,575,217 as at 30 June, 2023 compared to EUR 109,511,385 as at December 31, 2022

The Bank is a credit institution licensed by the MFSA under the Banking Act (Chapter 371 of the laws of Malta) that provides merchant banking and trade financing services. The Bank's operations began in February 2016 after the ECB and MFSA approval of the acquisition.

The Property Companies are property holding companies that operate in the industrial real estate leasing sector in Germany. The real estate owned by the Property Companies is currently leased out to a number of tenants, none of whom have delayed payment on their obligations to date.

While the conflict in Ukraine continued to cause economic uncertainty during the year, the challenges related to the conflict did not have a negative impact in terms of late payments, impairments or similar adverse developments on the Bank's credit loan portfolio or the Property Companies' tenants.

The Group continued to maintain a prudent and cautious approach during the period with respect to expansion of merchant banking activities and credit loan portfolio development.

During the period under review, the Group continued to offer all employees the option to work from home or the choice of a hybrid home/office working environment, the Group did not suffer any disruptions to operations.

## **Recent Business & Corporate Developments**

Sparkasse Bank Malta Acquisition

On March 7, 2022, the Company announced that it had entered into an agreement ("SPA") to acquire Sparkasse (Holdings) Malta Ltd. from Anteilsverwaltungssparkasse Schwaz. The transaction was originally expected to close in the second half of 2022, though this forecast was subsequently amended to the first half of 2023.

In July 2023, jointly with Anteilsverwaltungssparkasse Schwaz, the Company entered into an agreement to mutually terminate the SPA to acquire Sparkasse (Holdings) Malta Ltd. Consequently, the transaction will not close. The reason for the termination was not related to any aspect of the regulatory approval process but instead was related to timing and the change in global interest rate policy.

The termination of the SPA did not materially impact the financial results of the Company. However, as a result of the termination, the Company impaired minored capitalized costs associated with the transaction in the first half of 2023.

## Change in Nominal Value per Share

In June 2022, pursuant to an Extraordinary General Meeting in which, among other things, amendments to the Company's Memorandum and Articles of Association were approved such that the nominal value of all of the Company's shares decreased from EUR 3.00 to EUR 0.10, with the difference being allocated to an non-distributable reserve. There was no change in the Company's Total Equity as a result of this change, though the composition of the elements which constitute the Company's Total Equity are now different after the decrease became effective in the second half of 2022.
