Directors Report

The Directors have pleasure in reporting the company's results for the year ended 31 December 2000.

Turnover for the year was Lm542,308 (9.2% increase over 1999), whereas profit on ordinary activities before tax reached Lm258,347 (83.4% increase over 1999). Profit after taxation amounted to Lm162,607 (Lm96,915 for 1999). This translates into weighted earnings per share of 1c9.

A net dividend of Lm150,000 is being proposed by the Directors. Lm100,000 of this dividend is to be paid out of profits taxed at a reduced rate of 33%, whilst the remaining Lm50,000 is to be paid out of the company's untaxed account.

These results are materially in line with those projected in the Offering Memorandum issued in connection with the Combined Offering made in May 2000.

During the period being reported, occupancy levels within the centre remained high at around 95%. The Directors are assessing a number of opportunities with a view to further expand The Plaza Commercial Centre, as well as considering new ventures within its area of expertise.

The financial information is being published in terms of section 6.05.06(i) of the bye-laws of The Malta Stock Exchange. It has been extracted from the company's audited financial statements for the period ended 31 December 2000.
