As announced by the Prime Minister during a news conference on the 10<sup>th</sup> March, all non-essential shops were ordered to close down until the 11th April 2020. This means that the majority of shops within The Plaza Shopping Centre are now closed. The Food Hall and other food outlets are open for takeaways and deliveries. This new closure is expected to have a negative impact on the Company’s revenue generation.

The health and safety of its employees, tenants and general public are and will remain the main priority through these delicate times. In this regard, the company has taken various measures and continues to take all the appropriate measures as guided by the Public Health authorities and updated legal notices.

The Company will continue to monitor the situation related to Covid-19 on an ongoing basis and will keep the market updated as necessary.
