Half-Yearly Report for the period ended 30 June 2012

The following Half-Yearly Report is being published pursuant to the terms of Chapter 5 of the Malta Financial Services Authority Listing Rules. The condensed interim financial information has been extracted from the company's unaudited financial statements for the six months ended 30 June 2012. The financial information has been prepared in accordance with IAS 34 'Interim Financial Reporting' as adopted by the European Union. The accounting policies used in the preparation of the Half-Yearly Report are consistent with those used in the annual financial statements for the year ended 31 December 2011. This Half Yearly Report has not been audited nor reviewed by the company's independent auditors.

Interim Directors' Report

The Directors have the pleasure of reporting the company's financial results for the six months ended 30 June 2012.

Revenue for the period was €1,122,374 (2011: €1,069,598) an increase of 4.93%, whilst profit before tax amounted to €685,013 (2011: €625,275) representing an increase of 9.55% when compared to 2011. Profit after tax increased by 7.24% to €423,969 (2011: €395,359). Occupancy for the period remained high at 91% (2011: 91%) in spite of an increase of 1,700 s.m. in rentable area following the completion of Extension III in March 2011. As announced in the Interim Directors' Statement in May 2012, occupancy levels may reduce at the end of August 2012 following the termination of a lease of an office tenant occupying a large area. The company is negotiating new lease contracts for this area. The company's costs were maintained at satisfactory levels and the 2012 cost to income ratio decreased marginally to 32.3% (2011: 34.9%). In line with its growth plans, the company will continue to look at new opportunities for expansion.

During the period the company re-denominated its share capital through the capitalisation of €1,262,662 from retained earnings, as announced in May 2012, thus increasing the issued share capital from €4,385,738 to €5,648,400. The disclosure of the earnings per share for the comparative period has been restated accordingly.

The Directors do not anticipate a significant change in the company's performance in the next six months, although they remain attentive to external market factors.

The Board of Directors does not recommend the payment of an interim dividend (2011: Nil).
