The Company wishes to announce that it has launched a one-stop solution for acquirers and issuers in Brazil in partnership with ACI Worldwide, a global leader in mission-critical, real-time payments software. The new offering combines the best of ACI’s and RS2’s acquiring and issuing capabilities, supporting financial institutions, integrated software vendors, payment facilitators, independent sales organizations, and payments processors on their digital transformation and modernisation journey.

The combined new cloud-enabled technology platform will enable potential merchants, banks and payment service providers to launch new products and services efficiently using configuration portals that integrate seamlessly to third-party platforms, orchestrating the entire payment ecosystem within the client environment, making the platform secure, reducing operational costs, and ultimately increasing revenues. It is supported by ACI Fraud Management and Payments Intelligence, offering customers real-time enterprise fraud management capabilities, including advanced machine learning, predictive analytics, and expertly defined rules to combat the growing threat of fraud. The platform is certified for Brazil and meets all local regulatory requirements, including PCI, and local card scheme standards.
