SIMONDS FARSONS CISK plc INTERIM REPORT 2009 Six months ended July 2009

Interim Directors' Report

Trading Performance

The board of directors hereby submits the group's interim results for the six months ended 31 July 2009.

Group profit after tax for the period increased from €982,000 to €1,807,000. This increase in profits of 84% was achieved despite the absence in the period of any profits from the disposal of property (2008: €247,000 net of tax), and also in spite of a decline in group turnover of 4.3% (€1.5 million) over the comparative period. Approximately half of the decline in turnover occurred in the beverage importation segment, mainly as a result of the reduction of excise duties on spirits which became effective as of 1 January 2009. Sales of locally produced beverages to the on-premise market also declined as a result of a decrease in the number of tourists visiting Malta. On the other hand, business in the take-home trade compensated, in part, for the shortfall in the on-premise segment.

Despite the decrease in group turnover, the reduction in the costs of certain raw materials and the attainment of the targeted production efficiencies, together with the various cost containment measures implemented over the past years, were key factors that resulted in the achievement of an improved gross profit margin of 24% (2008: 21.4%), and an improved operating profit of €2.8 million (2008: €2 million). The board of directors is confident that the cost reductions that have been implemented will remain permanent, and that further opportunities exist for improved profitability levels going forward.

Dividends

During the period under review, the company paid to the ordinary shareholders a final dividend of €800,000 on 26 June 2009 in respect of the financial year ending 31 January 2009. Furthermore, the nominal and paid-up value of the authorised and issued shares was increased from €0.291 to €0.30, and a bonus issue of one share for every six shares held was allotted. Such transactions were carried out through the capitalisation of reserves, and the dividends have been paid out of tax exempt profits.

The board of directors is recommending a net interim dividend of €300,000 in respect of the financial year ending 31 January 2010, payable on 23 October 2009 to the ordinary shareholders who will be on the Register of Members of the company on 9 October 2009. The interim dividend will be paid out of tax exempt profits and is equivalent to €0.01 per share.
